

WHAT CITY KIDZ IS ABOUT

Our Mission is to inspire children to dream big dreams, to instill good, solid values, and to positively impact their lives, helping each to achieve their God given potential.

Our Commitment is to search continually for the child who needs to know that someone cares, the child who needs to know they have a place in this world, so they know they are loved, that they matter, and that someone believes in them.

Our Dream is to extend our reach coast to coast and establish a City Kidz branch or affiliate in cities found in each of Canada's 10 provinces and 3 territories, impacting 1,000,000 children across the country.

2008 annual report

Achieved an average of 654 children attending City Kidz each week representing 24% increase from 2007 and a 78% increase since 2005.
